

PAX PRIME 2015 • OFFICIAL GUIDEBOOK

WELCOME TO PAX!

PAX PRIME 2015

PAX Prime is a four-day game festival for tabletop, videogame, and PC gamers. We call it a festival because in addition to dedicated tournaments and freeplay areas, we've also got nerdcore concerts, panel discussions and an expo hall filled with booths displaying the latest from various game publishers and developers. The best part of PAX, however, is the attendees. There's something pretty special about being surrounded by thousands of like-minded gamers.

PAX PRIME 2015

A BRIEF HISTORY OF PAX

In 2004, the folks at Penny Arcade decided they wanted a show exclusively for gaming. Sure, comics, anime, and other nerd hobbies were cool, and those activities all had their own shows... so what about games? From that idea spawned a small 4,500 person event in Bellevue, Washington, focused on the culture and community that is gaming.

Since then, the show hasn't looked back. Doubling in size each year until venue capacities were reached, in 2010 the show expanded into Boston for PAX East, drawing tens of thousands of attendees in the inaugural year. The shows in Seattle and Boston represent the two largest gaming events in North America!

CONCERTS

When the first PAX was birthed in 2004, live music was one of the core pillars to the show. We were fans of the Minibosses and MC Frontalot, and from there we expanded both our knowledge and lineup of the genre. At the time, having that many people in a room listening to nerdcore music wasn't "a thing." In fact, nerdcore music was barely "a thing."

Fast forward a decade later, and we're excited to see the genre grow along with the sizes of our main theatre crowd, always filled to capacity with thousands of fans listening to and participating in these acts. A big part of PAX is connection, and we're proud to say we're a niche show with fans that treat these niche acts like the rockstars they are.

PANELS

Most of the sessions we run are between 400 and 500 attendees. Whether it's your favorite webseries or a lecture from the developer you love, the panels at PAX have knowledge or entertainment for gamers of all types. Do you have a panel you want to put together capable of entertaining a few hundred people? Submit it to us at [panels.paxsite.com](#)!

PC AREA

For those that can't stand the closed system of the console world, we've set up huge areas with hundreds of high-end PCs for your enjoyment. Laugh at those poor developers struggling to squeeze everything they can from console hardware made years ago, as we're catering to you- the PC gamer that is satisfied with nothing but the MOST gigs and the HIGHEST resolutions.

CONSOLE FREEPLAY

Here's the problem with your gaming setup at home: One, your living room is a mess. Two, you don't have every game or console at your disposal. Three, you aren't high on the PAX experience, so everything isn't nearly as awesome or fun there.

In the Console Freeplay area, we bring hundreds of the latest gen (and classic!) consoles along with all the titles you may have missed throughout the year. Utilizing the ShoatEngine5000, we've created a free, easy-to-use checkout system for all PAX attendees. ENJOY!

HANDHELD LOUNGE

It started with an open area that fire marshals wouldn't let us setup a booth in and slowly became one of the mainstays to PAX. With each show offering hundreds of beanbags for your use, these organically created meetup areas allow those with 3DSes, PSPs and Vitas to congregate and play to their hearts content. Heck, we've even seen some Nomads in there. Grab a beanbag, occupy a corner and look for those ad-hoc games!

TABLETOP

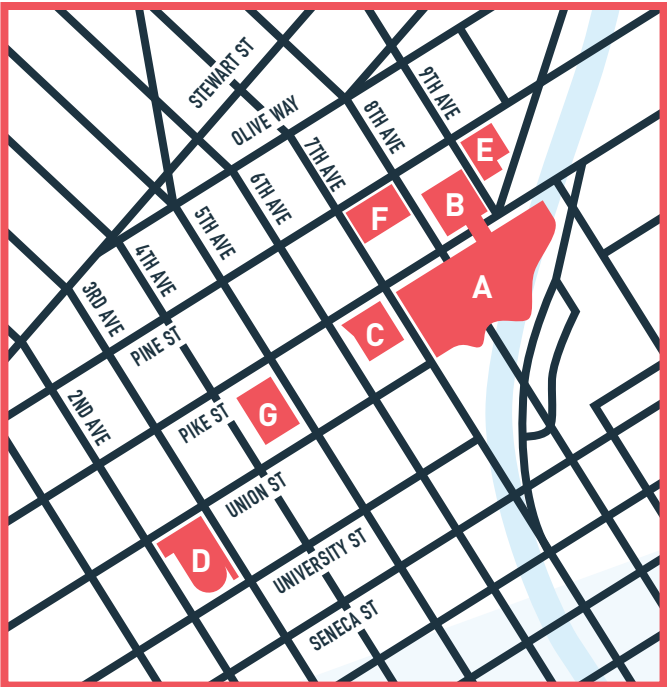

Ranging from as hardcore to D&D to as casual as Bananagrams, the PAX Tabletop area has games for all gamer types and skill levels. With hundreds of freeplay tables and the ability to checkout games like you would books at a library, this area could easily keep you occupied for the entire weekend. Forget all those digimal beep boops - rolling a twenty and looking your opponent in the eye is where it's at!

OMEGATHON

20 contestants are chosen, and six rounds later a single survivor travels together to Japan as their grand prize. This is the PAX Omegathon!

The tournament comprised of randomly selected preregistrants takes place across the three days of PAX. Each of the games played are publicly announced weeks before the show, but the secret final round is always a surprise.

Will it be an unreleased, never-before-seen title? How about a game you haven't thought about since the 80s? What about a giant claw machine? Perhaps a combination of them all? You never know with the Omegathon, but if you attend all the elimination rounds throughout the weekend and the final round on Sunday, you'll see history be made!

A SNIPPET OF DOWNTOWN SEATTLE

SHOW HOURS

FRI	8/29	10am - 12am
SAT	8/30	10am - 12am
SUN	8/31	10am - 12am

THE SIX RULES OF PAX

1. DRUGS ARE BAD

Policy Overview

Illegal substances will not be tolerated at PAX. If you are caught buying, using or dealing illegal drugs while at the show, remediation steps will be taken. If you are under the influence of legal drugs and are in any way interfering with other attendees and their ability to enjoy PAX, we reserve the right to escort you from the premises with potentially even more severe remediation consequences.

Definitions

Illegal substances or illegal drugs: Any drug which is not legally obtained as defined by local laws. Any prescribed medication that has not been legally obtained; any prescribed medication not being used in its intended dosage or for its intended purpose; any over-the-counter medication being used at a dosage level other than the recommended manufacturer levels.

Remediation

Any violation of said rule with illegal substances while on PAX premises will have one or more of the following steps taken: Onsite security and police will be notified in accordance with all state laws and governing procedures, badges will be revoked, violators will be removed from the premises, and a ban on future shows will be given. Anyone found consuming alcohol outside of regulated areas will be asked to leave the premises immediately.

Anyone whose alcohol consumption is found to be negatively impacting the enjoyment of the show of others will be asked to leave the premises immediately with the possibility of badge removal and a ban from future events.

Confidentiality

Any and all information relating to drug or alcohol abuse or the identification of persons as users of drugs and alcohol will be treated by PAX as confidential unless otherwise required by law, overriding public health and safety concerns, or authorized by the parties in question.

2. DON'T STEAL

Policy Overview

Theft will not be tolerated at PAX. If you are caught stealing directly from another individual or taking items

from any private or public areas of PAX that are not expressly indicated to be free, remediation steps will be taken.

Definitions

- **Theft:** Any crime in which a person intentionally or fraudulently takes personal property of another entity without permission or consent and with the intent to convert it to the taker's use, including potential sale.
- **Property:** Includes any money or items owned by an entity. Property shall be regarded as belonging to any person or entity having in it any proprietary right or interest.

Remediation

All instances of theft while on PAX premises will result in one or more of the following: Onsite security and police will be contacted with the intent of prosecution in accordance with all state laws and governing procedures, revoking of badge, ban on future shows.

3. DON'T PUNCH OR KICK PEOPLE

Policy Overview

Violence will not be tolerated at PAX. PAX adheres to the firm conviction that every person is entitled to an expectation of health and safety will take action to make that expectation a reality. Violating that expectation of safety through violence or threats of violence perpetrated against another person is explicitly prohibited and will result in removal and remediation.

Definitions

Violence: Any act of aggression, physical assault or threatening behavior that occurs against a person or property within PAX.

Remediation

Incidents of violence are documented using our harassment incident reporting form, completed by Enforcers or PAX staff, whichever the complainant is comfortable with. Although a form will be filled out for all incidents, it is optional (albeit encouraged) for the complainant to go on record with their report.

Anyone who engages in violent behavior will be removed from PAX premises immediately, have their badge revoked, and be given a permanent ban to the show. Onsite security and police will be notified in accordance with all state laws and governing procedures.

Confidentiality

Any and all information relating to the victims of violence will be treated by PAX as confidential unless otherwise required by law, overriding public health and safety concerns, or authorized by the parties in question.

4. NO CHEATING

Policy Overview

Cheating will not be tolerated at PAX. Everyone is expected to abide by all rules and regulations when gaming or competing with each other.

Definitions

- **Cheating:** Deliberate dishonesty or fraudulent actions intended to provide an unfair advantage in a competitive setting.

Remediation

Anyone caught cheating will be immediately disqualified from all competitive events at the show. Severe and repeated cases will result in one or more of the following: Revoking of badge, ban on future shows.

5. DON'T HARASS ANYONE

Policy Overview

Any form of harassment, whether that's based on gender, race, sexual orientation, disability, physical appearance, or religion, will not be tolerated at PAX. If you are caught or reported to have harassed anyone at PAX, you will go through our reporting process and face remediation steps.

Definitions

- **Harassment:** Verbal, physical, psychological, or sexual abuse.
- **Sexual Harassment:** The following actions are considered inappropriate and may be considered sexual harassment.
- Teasing, jokes, innuendo, photos/images, gestures of a sexual/unwanted nature.
- Touching or grabbing of a sexual nature.
- Repeatedly standing too close to or brushing up against a person.
- Giving gifts of a sexual/unwanted nature
- **Physical Harassment:** Physical contact in an unwanted way toward another individual. (Also see Rule 3)

- **Psychological Harassment:** Unwarranted hostile behavior, threats, or intimidation made toward another individual.

Remediation

Harassment incidents are documented using our harassment incident reporting form, completed by either Enforcer Security Team members or PA staff, whichever the complainant is comfortable with. Although a form will be filled out for all incidents, it is optional (albeit encouraged) for the complainant to go on record with their report.

Anyone who engages in harassment will be removed from PAX premises immediately, have their badge revoked, and be given a permanent ban to the show. Onsite security and police will be notified in accordance with all state laws and governing procedures.

Confidentiality

Any and all information relating to the victims of harassment will be treated by PAX as confidential unless otherwise required by law, overriding public health and safety concerns, or authorized by the parties in question.

6. DON'T MESS WITH THINGS THAT AREN'T YOURS

Policy Overview

It is understood that all attendees will be able to operate in a state of comfort and privacy without intrusion or disturbance, and that their personal belongings will not be altered or disturbed. If anyone's belongings are found to have been disturbed or restricted, remediation will take place.

Definitions

- **Privacy:** A state of being free from intrusion and disturbance in one's personal state of affairs as well as physical presence.
- **Personal Belongings:** Includes any items owned by an entity.

Remediation

Anyone who engages in behavior or that violates the privacy intentions as stated above will be reprimanded and have their badge removed contingent on the severity of the claim as reported to PAX show management.

A QUICK NOTE ABOUT COSPLAY!

Although PAX isn't a cosplay-heavy event, it's cool to see folks take fandom to THAT level. However, if a weapon (gun, sword, gunsword, knife, bludgeoning object, bludgeoningknife, knifeknife, etc.) is part of your costume, please be sure to go through our Weapons Check procedure at Info Desk on Level 4.

POLICIES

REPORTING PROCEDURE

The Reporting Procedure for all six rules is the same. Find an Enforcer and make them aware of the situation. They are instructed to immediately escalate the issue to show security and show management.

“BOOTH BABE” POLICIES

PAX has a strict 'no booth babe' policy with the purpose of creating an environment where everyone can feel comfortable and welcome, and the focus is on games, not hired booth staff.

Booth babes are defined as staff of ANY gender used by exhibitors to promote their products at PAX by using overtly sexual or suggestive methods. Partial nudity, the aggressive display of cleavage and the navel, and shorts/skirts higher than 4" above the knee are not allowed. If for any reason an exhibit and/or its contents are deemed objectionable to PAX management, the exhibitor will be asked to alter the attire of its staff.

Cosplayed characters that are playable in-game are an exception to this rule (within reason), and exhibitors must obtain permission from show management prior to the show.

If for any reason an exhibit and/or its contents are deemed objectionable to PAX management, the exhibitor will be asked to alter the attire of its staff or remove those staff from the show.

Cosplaying attendees may be asked to alter or modify their costume if it is considered overtly sexual.

EXPO HALL POLICIES

For safety reasons, the following are not allowed to be used specifically inside the expo hall:

- Strollers (they may be carried)
- Stilts
- Remote controlled vehicles
- Rollerskates, rollerblades, and other forms of recreational wheeled transport
- Given the crowd density, situations that require mass egress would be restricted by these devices.

WEAPONS CHECK POLICIES

All prop weapons brought to the show MUST be approved at the Info Booth as soon as you arrive. We will be looking for the following criteria:

- It cannot fire any sort of projectile. (Nerf guns are only allowed if they have been deactivated and cannot fire.)
- It cannot be an airsoft weapon. (Yes, even if it's deactivated.)
- It cannot be sharp or pointy enough to cut or pierce someone with moderate pressure. This includes all real swords, daggers and knives. It also includes ceramic blades, needles, syringes and anything that can pierce (for example, a Little Sister syringe made of wood would not be allowed)

Upon approval, your weapon and badge will be tagged and cataloged.

QUESTIONS?

If you feel any concerns about your safety prior to or during the show, please email us at safety@paxsite.com or visit us at the Information Booth on the Convention Center's fourth floor.

EXPO HALL L6

THE EXPO HALL

What can we say about this thing? It's a beast! Clearly one of the highlights to the show, come see everything from the latest and greatest AAA titles to the indie darlings you've been readoing about online. We make our exhibitors cage-match for space at this point, so they've fought hard for the opportunity to show you their best stuff. The hall spans two floors now, so make sure to check out all of the great displays on Level 6!

QUEUE ROOM

Traditionally this is where you go when you arrive early, but since PAX is going green, we're using it for other purposes as well! Specifically, the League of Legends North American Regionals!
